

## Required Documents for the Part A Application and Supporting Templates

Note: The numbering of each document listed below is aligned to the Part A Application for each of the Guiding Principles sections. There are also places to upload additional, *optional* documents throughout the application, including at the end of each Guiding Principle section.

This document is intended to provide a complete list of all the questions for which applicants are required to upload a document. In addition, there are a series of optional, but encouraged, supporting templates for applicants to utilize as they develop their Part A Applications, which can be used as their uploaded document where appropriate. To view all templates, click [HERE](#).
